## Ugh! Calomel Sickens; Salivates!

### Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated; breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick; you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my personal

money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—(Adv.)

Why delay securing a home for your family when such a splendid trade can be made? Will be pleased to show you this property.

C. V. BROWN & BRO., 109 E. 8th St.  
Stores, Offices and Dwellings for Rent.

## OUR SIGNAL SERVICE

It takes as much nerve to string wire in the face of the enemy as it does to occupy the first line trench.

Our men in the signal service or on the firing line are physically fit for military service because only about one man out of five was chosen to endure the hardships of this fearful war. But we must not be content with 20 per cent. in physical health of our American youth. We cannot afford to lose four men out of five because of physical unfitness. Such weaknesses can be cured. Many times the kidneys are to blame.

If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store Anuric (double strength). This An-uric drives the uric

acid out. If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to the uric acid or toxic poisons stored in the blood and which should be swept out.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Step into the drug store and ask for Anuric, or send Dr. Pierce ten cents for trial package. Anuric, many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you. Sixty cents at all druggists.

## LABOR UNIONS CONDEMN ACT

Central Body Adopts Resolution Expressing No Sympathy for Lynchers.

Resolutions condemning the burning of a negro at the stake near Estill Springs by a mob were adopted at a meeting of Central Labor union Monday night. The resolutions were similar to those adopted by local No. 74 of the United Brotherhood of Carpenters and set forth that the welfare of society and the peace and good order of the community demanded that the law-abiding citizenship of Tennessee oppose the lynching and burning of human beings in violation of the letter and the spirit of the law of the state. The meeting last night was largely attended, and it was understood that the resolution presented some time ago, calling for the boycotting of the Chattanooga Railway & Light company, was withdrawn by its authors. It was intimated that the calling off by the carmen's union of the street car strike had a bearing on the withdrawal of the boycott resolution.

## KOEHLER WILL INSTRUCT LOCAL COMPANIES

Master of the Sword to Visit National Guard Companies Tuesday Evening.

Maj. Koehler, U. S. A., master of the sword, will visit the local national guard companies at the armory again Tuesday evening. Earlier in the evening he will be the dinner guest of Capt. and Mrs. A. J. Gahagan, accompanied by local officers of the national guard. This is the regular drill night of Lieut. Harry Davis' company. Capt. Ryan's company and Capt. Fleming's company are expected to share the benefit of Maj. Koehler's instructions.

## MEN CALLED FOR

MONDAY, MARCH 4

Smith, Boyce Grier, A. F. Yearwood, J. T. Beckler, R. G. Leonard, Harrie Stephens, Theodore Hoots, W. S. Johnson, Robert Birdin, H. W. Miller, H. A. Griffith, W. E. Winkie, V. E. Jackson, Rufus C. Hunt, H. N. Holden, Wm. Gillespie, Geo. D. Lynn, J. W. Tallaferra, L. D. Keener, Harry Nelson, W. W. Underwood, W. Campbell, Roy W. Martin, A. E. Huckabee, R. F. Lavender, Robt. H. Craig, J. G. Ogletree, Jas. Brumlow, Jas. M. Gilbert, Jas. Colston.

## WOULD DAMAGE SUIT LIE AGAINST RAILROADS?

Question Discussed by Lawyers Because of Present Status of Government Control.

There is a great deal of discussion among local lawyers as to what will be the outcome of a suit against the railroads during their present status of government ownership. Some lawyers are contending that no damage suit can be entered against a railroad on account of the railroads being taken over and operated by the government, as no individual or corporation can, of course, sue the government. However, several of the best posted lawyers in Chattanooga contend that a suit now can be entered against the railroads.

## PIMPLES COVERED FACE AND HANDS

Also Had Blackheads. Two Cakes Cuticura Soap and One Box of Ointment Healed.

"Pimples and blackheads formed until my face and hands were covered. The pimples were small, hard and red, and they festered. They were scattered over my face and my hands were inflamed and swollen. The pimples were very itchy and burned."

"Then I used Cuticura Soap and Ointment, and I used two cakes of Cuticura Soap and almost one box of Cuticura Ointment when I was completely healed." (Signed) Miss Ole Saut, Denton, Tex., June 25, '17.

Keep your skin clear by using Cuticura Soap and Ointment for every-day toilet purposes. Nothing better.

Sample Each Free by Mail. Address postcard: "Cuticura, Dept. H, Boston." Sold everywhere. Soap 5c. Ointment 25c and 50c.

## NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more yawning, snuffling, mucous discharge, headache, dizziness—no struggling for breath at night, your cold or catarrh is gone. Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head, soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.—(Adv.)

but that in the event a judgment is obtained it cannot be collected until eighteen months after the war has ended.

The true status of affairs is that the government, in operating the railroads, does so with the legal status, the same as if in case of a federal court acting in the capacity of a receiver. In other words, the government is only acting as a receiver for the railroads. However, if a road is in financial straits no suit can be entered nor judgment collected. The discussion has caused considerable comment and has been the source of much argument. The facts seem to be that the railroads in their present status can be sued, but they collect a judgment will be withheld until eighteen months after the ending of the war.

## BUTTERMILK TO BE WELL GUARDED

Health Authorities Extend Protecting Regulations—May Force Bottling.

Grocery dealers must handle buttermilk in the proper way. One of the sanitary inspectors from the city department of public health will make an inspection of every grocery store in the city in order to ascertain whether buttermilk is being handled in a clean, sanitary way.

Strict regulations regarding the sale of buttermilk are included in city ordinance No. 1563. These regulations will be strictly enforced and if dealers are found violating these requirements they will be dealt with accordingly.

Section 10 of the milk ordinance relative to buttermilk cans is as follows: "Be it further enacted, That all cans in which buttermilk is kept must be tightly closed, so that their contents are fly-proof at all times, and all buttermilk cans must be thoroughly cleaned and scalded before being refilled."

Dr. Stanhope H. Barrett, director of laboratories and dairy inspector of the city department of public health, states that in the past some of the dealers have been keeping buttermilk in a very unsanitary manner. For example, when a fresh supply is brought into the store by the farmer, instead of emptying the can the fresh supply is poured in and mixed with the old milk. This same action is repeated time and again, and in course of time the cans get in a most filthy condition, thereby jeopardizing the health of those purchasing the product.

The sanitary inspector, as he makes his rounds, will require the dealers to keep the milk in a cool place and the cans kept covered at all times. However, the most important regulation that will be enforced is that of scalding the cans before they are refilled with buttermilk.

With the spring and summer months ahead, the demand for buttermilk is much greater, and Dr. Barrett feels that it is especially necessary at this time that the regulations relative to buttermilk be enforced. He says that the grocery dealers must handle all food staples in the proper way.

If it becomes necessary, the director of laboratories declared, the department will require all buttermilk to be bottled. However, he stated they did not want to resort to these steps unless it became imperative.

## Milk Regulations.

Besides the strict regulations governing the sale of buttermilk, equally as strict requirements have been issued to the dairymen regarding the sweet milk supply in the dairy. In addition to the regulations a little pamphlet issued by the state dairy commissioner is being sent out to the dairymen. It contains information concerning the handling of the dairy products. Many interesting facts are listed for the benefit of the consumers. Great stress is laid on the importance of returning the milk bottles to the dairymen, owing to the fact that a pint bottle is worth approximately as much as one pays for the milk it contains. It also brings out the point that if the consumers let the bottles lay around in filthy places and return them in that condition they may come back to the consumers harboring the germs of an epidemic of typhoid.

It is a violation of the city milk ordinance to use the milk bottle for any other purpose than milk containers. Dr. Barrett stated that everyone found violating this regulation will be prosecuted.

## PROVOST GUARDS REFUTE JIM WALKER'S ALIBI

The Jim Walker case has created no little interest. Walker is charged with selling whisky to soldiers on the night of Feb. 16. Walker and his witnesses testify that he was not in the city from 3 to 10 o'clock on the night of Feb. 15, but that he was in a garage in Rossville having his car repaired from 4 to 10 o'clock that night. Five or six provost guards swear that Walker was seen on the street near Broadway's cafe between the hours of 8 and 10. Corpl. Willis, who made the arrest, stated to the court that he bought the whisky from Walker on the said night and was positive he could not be mistaken. The case goes over to the federal jury. Walker made bond for his appearance.

## URGE PROPER RESPECT TO MILITARY FUNERALS

An immediate change in military funerals has been requested by resolutions passed by the National League of Women's Service and the Chattanooga Chamber of Commerce, on account of lack of proper attention and respect to a funeral cortege while passing. The organizations are making a request, state that their attention has been called to small boys, trooping along with the band for the music, not recognizing the solemnity of the occasion. It is requested that a detail of mounted police follow the music, keeping out of the procession careless and thoughtless boys and to show an official mark of respect by municipal authorities.

The National League for Women's Service and the chamber of commerce makes the following suggestions: "It is requested that civilians show a proper and patriotic respect on the streets of the city when a military funeral is passing. The men should stand at attention or with bared heads, or with lifted hats. The ladies may stand facing the funeral cortege during the few minutes of its passing." Commissioner Betterton upon being informed of the resolutions passed pledged his cooperation.

## LOOKS LIKE BUSH WILL ENTER RACE

Matter Depends on Outcome of Ouster Suit—Three-Cornered Contest.

"I am not out of the race for sheriff, and, while I have never announced, I have said from the first that my entrance would depend entirely on the outcome of the ouster proceedings," said Sheriff Nick Bush, when speaking of the rumor that is being circulated that he had withdrawn his name from the list of candidates. Sheriff Bush said that he had never formally announced, but that he was still as much in the race as he was out of it. As the ouster proceedings seem to be hanging fire and may not be settled for some time, it seems that Sheriff Bush will be in the race. The sheriff stated Monday night that it looked as if they were holding up the proceedings until too late for him to qualify, but that he was not going to take such a chance, and said he would qualify whether he ran or not if something was not done in reference to the ouster suit. The sheriff's attorney, at his request, filed a motion in chancery court last Friday to have the case against him set for a hearing, but as Thursday is the last motion day of the week the matter will not be acted upon until the coming Saturday.

It will be remembered that several weeks ago ouster proceedings were filed against Sheriff Bush, charging him with neglect of duty in connection with the recent street car and textile mill strikes. The sheriff had thirty days in which to answer the charges, and this he did through his counsel, T. Pope Shepherd, Murray & Chamlee, George W. Chamlee and W. A. Schofield. The next move was to be made by the prosecutors, but as nothing was done Mr. Shepherd filed a motion for the sheriff asking that the case be set immediately for trial. This it is thought Chancellor Garvin will do next Saturday. With the entrance of Sheriff Bush in the race there will be three candidates for sheriff, Chief Deputy Will Frazier having announced on last Saturday and Chief of Detectives Robert P. Bass having been an announced candidate for some time. The race is now warming up, and both Mr. Frazier and Mr. Bass are making a warm and thorough campaign. Mr. Frazier has secured an indefinite leave of absence, and says he will make a campaign of Hamilton county. The friends of Mr. Frazier say that in case both Sheriff Bush and Bass run he will undoubtedly be the winner. Mr. Frazier says he will win in any event, and is in the race to the finish.

The Quinine That Does Not Affect Head. Because of its laxative effect, Laxative Bromo Quinine can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature is on box. 30c.—(Adv.)

## DARKEN YOUR GRAY HAIR

Apply La Creole—It's Easy, Simple and Healthy. No Dye.

You look old and played out with premature gray, streaked, faded or just turning gray hair. Have beautiful dark hair again, fluffy, soft and natural by applying La Creole to all your hair and scalp before going to bed. It is not dye but revives the color glands. Pretty soon you will be delighted to see all your gray hair turn to an even beautiful natural dark shade again. Not even a trace of gray will show after treatment with La Creole. This preparation also stops falling hair, dandruff and causes new soft hair to sprout all over your head. Don't be misled into buying some cheap hair tonic. La Creole is the only hair preparation that darkens gray hair by reviving color glands of nature. Try it. Sold on a money back guarantee by drug stores or sent direct for \$1.20 by Van Fleet Drug Co., Memphis, Tenn.—(Adv.)
